Campus High School

2100 West 55th Street, So.
WICHITA 17, KANSAS

Hi,

I guess none of us will forget what "new" meant when we recall the day we came to Campus to check out our books, meet our teachers, look over the buildings, and generally prepare for our first year together. Not only was the campus idea new to most of us, but the buildings were new, the faculty and staff was new, and we were even a new student body. Many of us looked forward to a different and challenging year, while many others definitely were against-changing schools.

We were a little cramped for space when we first got things underway, but as workmen continued to finish one building and another we were able to spread out. All of us will long remember that first class meeting in the parking lot and the "ex-circus" tent we were eating lunch in. So many of us voted for officers that we hadn't even seen before.

All of us looked forward to the first pep rally we had in the gym, even if the workmen were still finishing up a few of the last minute details. And the football season was quite long before the Colts chalked up their first gridiron win. We are still looking forward to that game that will be the first home field victory. And next year we may really be able to have a Homecoming, with a queen, dance, and all.

Progress moved ahead and we were relieved of the responsibility of carrying lunches to school when we returned from Christmas vacation. This eliminated many of those pleasant (?) lunch hour conversations in the classrooms and the aroma of a ripening cheese sandwich accidentally left under a desk sometime during the morning.

Basketball, wrestling, swimming and other sports came and went through the winter with many of the teams bringing in winning scores for the "Black and White." During this time we really began to become a school body, backing the teams with our attendance, actions, and enthusiasm.

The completion of the auditorium in time for band and vocal concerts and "Death Takes a Holiday" was another first for us. This left only construction of athletic fields, parking areas, and landscaping to complete our new school. In the spring the first tree was planted and we all felt more at home.

Establishment of the Colt Special and The Yearling, Dress-up Day, Brigadoon, Hobo Day, Favorite Man on Campus, organization of the various clubs and activities, the winning of the Fort Hays Industrial Arts Fair trophy, proms, and the first commencement have all started traditions that will be carried on, improved, and added to as many of us look ahead to another "new" year at CHS.

Track

The Campus track team was victorious in two dual meets and some of its members scored points in some of the larger meets. The squad is made up of underclassmen, there being only three senior squad members. The individual performances, while not outstanding, are good for sophomores and juniors. Application and hard work should play off in better results for these young track men in the next two years.

Top Seniors

Norman Slade, salutatorian, was president of the German Club and was a finalist in the National Merit Scholarship program. He has been awarded an honor scholarship to Kansas University, and was the recipient of various other scholarships.

Waynetta Maple, valedictorian, was editor of the 1961 Yearling and secretary of Y-Teens. She participated in all senior class activities and was always willing to help out when needed.

These four seniors graduated with an A- average for their high school record.

Jim Schammerhorn carried an extra class during his last semester and earned seven A's. He is highly interested in geology and photography.

Charlotte Moore is interested in speech and dramatics. She had a part in "Death Takes A Holiday" and worked on make-up for "Brigadoon."

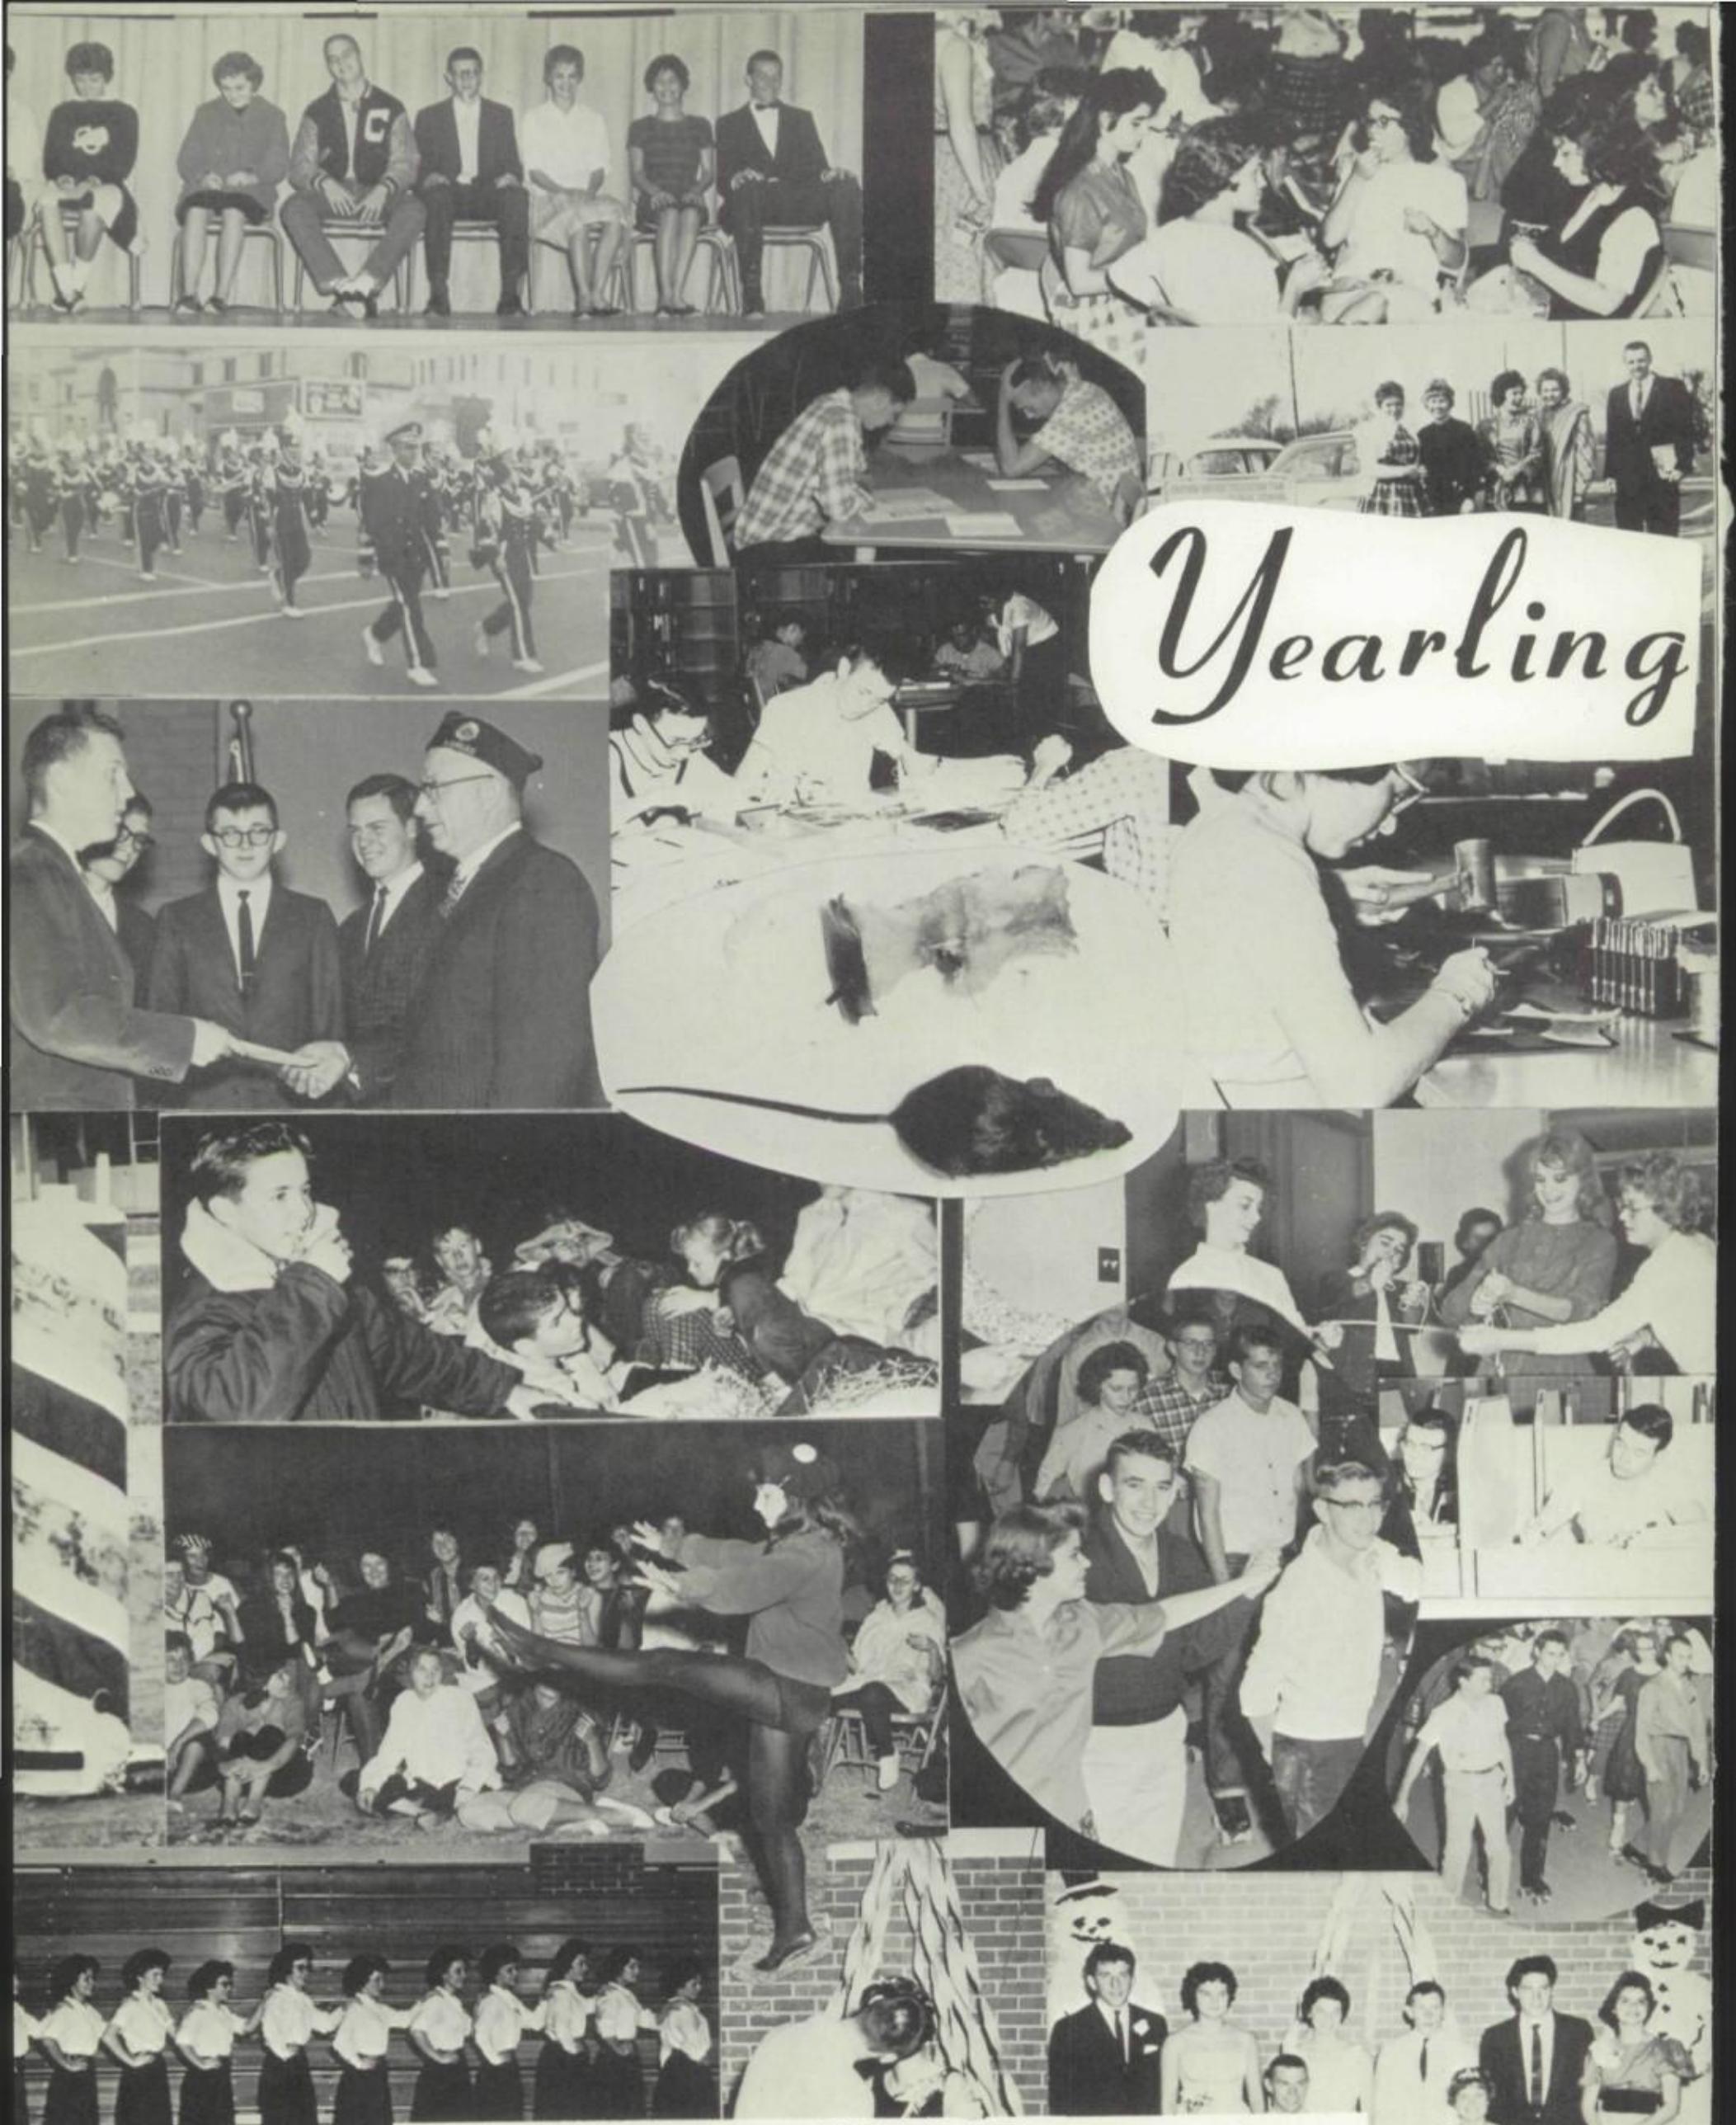

Charyl Markin was editor of the COLT SPECIAL during second semester. She was active in the vocal music department, was on the publicity committee for "Brigadoon" and has been active in church work.

Carol Gilchrist graduated at the end of first semester and enrolled at the University of Wichita. She plans to attend Kansas State University and major in home economics.

Seniors who have maintained a B+ average throughout their high school careers are Judy Farney, Karen Potter, Pat Greer, Carol Ray, Karen Schwyhart, Rex Hughes, Bob Bird, Alan Tucker, and Jim Bethea.
